

A bunny pizza just like at Pacini, but now you're the chef!

1

Cut out the bunny shape along the dotted line.

2

Put it on the pizza dough you have flattened with a rolling pin. Then use a knife to cut the dough following the shape.

3

Dress your pizza with tomato sauce, pepperoni and cheese.

4

Decorate it how you like with pieces of pepper, olive or anything you want.

5

Ask an adult to help put your pizza in the oven for 20 minutes and then dig in!
